MSI:

December 7, 2015

We are pleased to announce the promotion of Firefighter Brian Dixon to the position of Fire Engineer (December 17th). Brian has worked for us for the last 12 years. Brain brings high energy levels to the firehouse and that gets the momentum going for his brother and sisters (and makes the shift more exciting for all). We love his positive outlook and his willingness to be a team player. When it comes to hiring employees who will be loyal and will stick with the department on a long-term basis, you want to seek applicants with a communicative nature like Engineer Dixon. He helps increase the morale of everyone in the department. Please join me in congratulating Brain on his promotion and wishing him great success in his new position.

Sincerely,
Kenneth S. King
Fire Chief

December 5, 2015

Santa and Mrs. Claus had a moment in their busy schedule to stop by Station 5 this morning. Report is preparations are on schedule and looking good for this year.
